Mr. Leonard S. Wynters  
U. S. Mining Company, Incorporated  
1830 North 1500 West Carbonville Road  
P.O. Box 886  
Price, Utah 84501

Dear Mr. Wynters:

Re: Jack #4 Claim, SM/007/035, Carbon County, Utah

Thank you for the Notice of Intention to Commence Small Mining Operations for the Jack #4 Claim in Carbon County, Utah. No additional information is required at this time. If you should decide to increase the mine site beyond five acres of unreclaimed surface disturbance at any time, you will be expected to file a more detailed plan and a reclamation surety with us prior to such expansion.

The MR-SMO Form which you filled out is an interim form that we are using on a limited basis for small mines until the final set of state rules governing small mine reclamation is instituted. This is expected sometime in 1988, and we will contact you at that time if additional information will be required.

Your mill in Carbonville is an offsite mill and is therefore exempt from the Mined Land Reclamation Act. You should, however, acquire the necessary permits for the mill and waste rock disposal site from the county and the State Department of Health if you have not already done so. I wish you the best of luck in your mining operations.

Sincerely,

Lowell P. Braxton  
Administrator  
Mineral Resource Development  
and Reclamation Program
